Feed Statistics 2010 is an important report for all animal feed companies, their suppliers and others who need to understand or follow the fortunes of the feed industry in the UK and Europe. The UK market is covered in detail, with an overview of each other feed-producing country in Europe.

Feed Statistics 2010 is a comprehensive analysis of 138 feed businesses, feed production, ration formulation and livestock product market information. Its electronic format has been designed to allow rapid access to the data and relevant analysis through a clear, readable interface. It is distributed by email in Portable Document Format. The 350-page report contains over two hundred and thirty tables and diagrams showing the statistics of interest to feed producers and their suppliers. These are accompanied by commentary and analysis. The data relating to businesses and their finances in **Feed Statistics 2010** is revised every three months to remain up-to-date throughout the year – purchasers have the option to receive all these company updates for a small additional charge.

Feed Statistics 2010 includes essential information about the history and structure of the feed industry, details of small, medium and large UK manufacturers and their finances, feed production data, prices and usage of feed materials, prices of finished products, the market for animal feed, the market for livestock products, a review of recent events, a glossary of terms and definitions and much more. Data in **Feed Statistics 2010** is comprehensive, accessible and up-to-date. Whether your business is producing and selling animal feed or supplying products or services to feed companies, **Feed Statistics 2010** is an essential resource you need on your PC.
